

Appendix A - Advanced Energy Center Technologies and Associated Incentives

Note: The total incentive for standard customers and the maximum total incentive for income-qualified customers cannot exceed the cost of the product. **Limit one incentive per technology type per customer account.**

Technology	Product specification for SCP incentive	SCP incentive	BayREN incentive ¹	TECH incentive	Standard customer total incentive (SCP + BayREN + TECH incentives)	Vendor discount	Eligible for self-install	Eligible for On-Bill Financing
Heat pump air-to-air, space heating and cooling	Ducted, central split DX 18 SEER or higher	\$500	\$1,000	\$3,000	\$4,500	\$0		✓
	Ductless, single zone 20 SEER or higher	\$500	\$1,000	\$3,000	\$4,500	\$0		✓
	Ductless, multi-zone 17 SEER or higher	\$1,000	\$1,000	\$3,000	\$5,000	\$0		✓
Heat pump water heater ²	3.43 UEF or higher	\$700	\$1,000	\$1,400 (< 55 gal) \$2,100 (>55 gal)	\$3,100 (< 55 gal) \$3,800 (>55 gal)	\$0		✓
Sanden ECO2 heat pump water heater	N/A	\$700	\$1,000	\$1,400 (< 55 gal) \$2,100 (>55 gal)	\$3,100 (< 55 gal) \$3,800 (>55 gal)	\$675.50 to \$758.10		✓
Induction cooktop (residential)	N/A	Induction kitchenware set	\$300		\$300	10% Off Base Price	✓	✓

¹ Technologies that offer both BayREN and Advanced Energy Center incentives can be submitted directly to BayREN Home+ program. Incentive eligibility must be confirmed through BayREN: please see this website: https://www.bayrenresidential.org/sites/default/files/2021-04/BayREN_Home%2B_Measures_4_1_2021.pdf. Incentive eligibility is subject to change; to ensure you are getting updated information please contact Joseph Koproski at 508-433-0555, joseph.koproski@clearesult.com.

² Heat pump water heaters require a wi-fi module to enable grid-interactivity, a demand-response capability that may qualify for additional incentives through SCP's GridSavvy program. The SkyCentrics CTA-2045 module is listed on the Advanced Energy Center products page.
