

Energy Incentives and 0% Financing. 100% Easy.

Upgrade your home's efficiency
affordably

Sonoma Clean Power's Advanced Energy Center is open! Visit to learn about the benefits of the latest clean energy technologies and appliances, and receive discounts, incentives and rebates.

- **SCP customers can enjoy:**
 - Incentives up to \$1,000 on clean energy technologies like heat pumps, water heaters, and induction cooking
- 0% financing for up to \$10,000 of project costs, payable over time on your utility bill
- Coverage of ancillary costs including wiring and electrical panel upgrades
- **Offers include:**
 - Heat Pumps for Space Heating and Cooling - Incentives up to \$2,000, plus pre-negotiated discounts up to 15% off from SCP's vendor partners.
 - Ventilation Systems - Heat Recovery ventilators provide 24/7 fresh, filtered air to your home. Receive a 10% pre-negotiated discount, plus a \$250 incentive from Sonoma Clean Power.
 - Heat Pump Water Heaters - Install the latest water heating technology to get up to \$1,700 in discounts.
 - Induction Cooking - Over 50 models to choose from. Receive 10% off at the time of purchase from SCP's vendor partners, plus free cookware. You may also qualify for an additional incentive.
 - Additional incentives available on battery storage, smart thermostats, and electric vehicle charging.

Take advantage of the opportunity to replace equipment now while these incentives last.
